	HEALTH AND SAFETY POLICY	Date: 31/01/2023 Rev: 00

C.B. srl Costruzioni Brescianini considers the implementation of any initiative aimed to guarantee the highest level of safety for its workers to be of essential relevance.

PURPOSES

The purposes of the Health and Safety Policy:

- Being an essential reference for all workers in the organization and for all those who, external to the Company, have relations with it.
- Aiming at sensitizing people regarding safety principles inspiring all organization activities and must be followed in relation to the role and the responsibilities assumed in the Company.
- Defining the Company mission in terms of health and safety at workplace, stating the objectives to pursue, workers awareness and responsibilities.

OBJECTIVES

C.B. srl Costruzioni Brescianini provides organizational, instrumental, and economic resources aiming at the improvement of health and safety in the workplace, primarily:

- Minimizing the health and safety risks of all personnel entering the Company's workplace.
- Continuously improving safety performance and related management methods.
- Promoting a "safety culture" throughout the Company, encouraging the adoption of behaviors based on the protection of one's own and others' safety and health, through continuous training and information programs.

STRATEGIES

The Company is committed to address safety aspects of all activities as relevant issues of its business. It organizes and plans production processes in order to fully involve personnel, according to their responsibilities and competences, in order to obtain the assigned safety objectives. The Company is committed to:

- Compliance with current safety and health legislation.
- Disseminate information on corporate risks to all workers.
- Train and updating workers regarding specific risks related to their tasks.
- Ensure workers consultation regarding safety issues and health, through the workers safety representative (RLS);
- Train, inform and sensitize all workers to perform their assigned safety duties;
- Implements operational methods and safety procedures to such an extent that health of workers, third parties and the community in which the Company operates are safeguarded.
- Promptly and effectively responding to emerging safety needs during work activities.
- Endorsing preventive actions and internal investigations aimed to protect the safety and health of all workers, in order to significantly reduce accidents, injuries or other non-conformities.
- Periodically reviewing the Safety Policy and the Safety Objectives in order to achieve a continuous improvement of the health and safety level of workers within the Company.

FULLFILMENT

C.B. srl Costruzioni Brescianini is fully committed in the respect and implementation of the above listed strategies and objectives, ensuring the economic resources needed as well as periodically monitoring the Safety Policy, its implementations and dissemination among the internal staff and third party.
