	POLITICA DELLA QUALITA'	POLITICA QUALITA_IT Rev. 02 del 15/09/2024

In **C.B. srl Costruzioni Brescianini** Quality Policy has been drawn up according to the values and principles stated in the Code of Conduct and has the purpose to identify targets and general objectives in order to ensure the highest standard in product and service quality.

C.B. srl Costruzioni Brescianini is strongly committed in the design and manufacture of plastic products in the automotive sector, special vehicle and other fields as well as the design and manufacture of the relative molds.

The products above-mentioned are developed and realized either for standard market or for a specific customer.

C.B. srl Costruzioni Brescianini fulfills products compliance with legal regulations, standard and customer specific requirements.

In the following list the Board of Director has identified the characteristics to obtain more competitiveness compared to the others players in the field and third parties:

- Research and innovation applied to current and new products.
- Working activities and proposed solutions effectiveness and reliability.
- Professionalism and promptness on customer requests and delivery.

C.B. srl Costruzioni Brescianini is highly organized in all the Company processes, in the services provided and in the management in order to provide effectiveness of activities and results, resources efficiency, sustainability and continuous improvement.

For the reasons above-mentioned **C.B. srl Costruzioni Brescianini** has introduced and has constantly developed a systematic process automation and digitalization.

The quality management system implemented by **C.B. srl Costruzioni Brescianini** is compliance with IATF standards 16949:2016 and ISO 9001:2015 and promotes the continuous improvements described in this policy document.

The Board of Director provides full dissemination of this document to all the company personnel, ensuring understanding and implementation to all levels. To achieve this objective Quality Policy is available on the website and on the Company server.

It is Company responsibility to verify this document has been understood inside the company and provide any clarification if needed.

The adequacy and appropriateness over the time of this policy is monitored by the Board of Director and corrective actions will be implemented if needed.
